

The background is a solid teal color. It is decorated with several white snowflakes of various sizes and intricate patterns. The snowflakes are scattered across the teal area, with some larger ones in the center and smaller ones towards the corners. The text "LET IT SNOW..." is centered in the middle of the image.

LET IT SNOW...

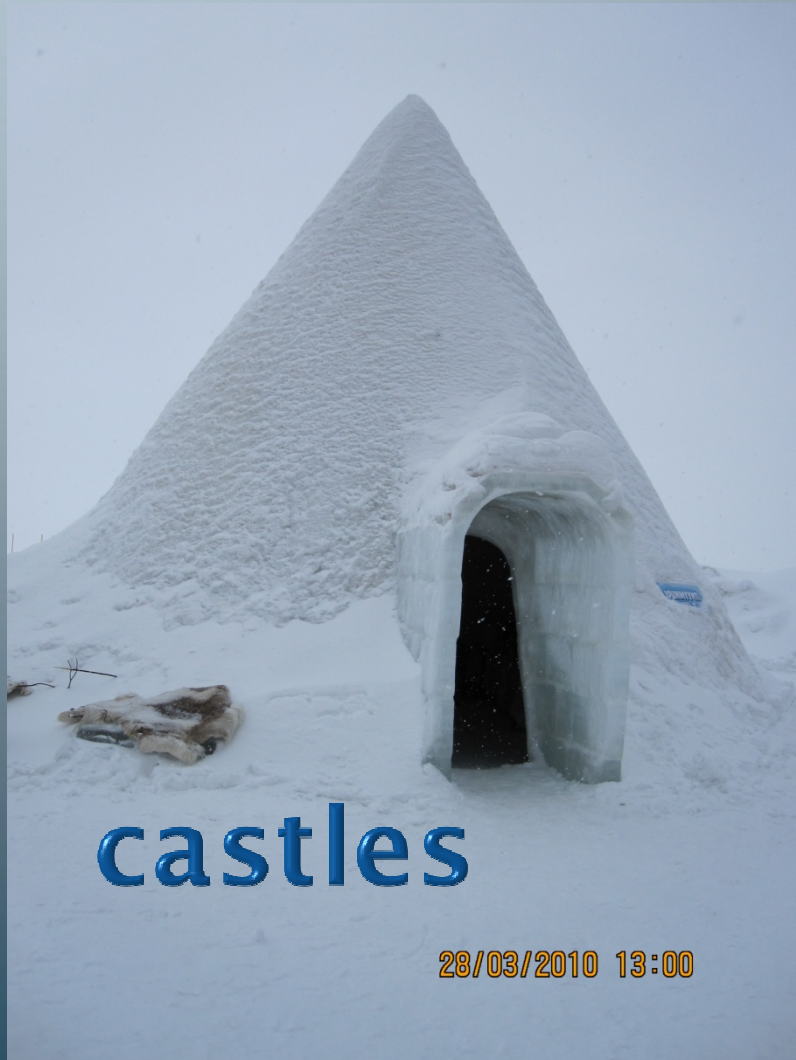

Downhill skiing and snowboarding are very popular winter activities in Finland.

We don't have big mountains,
but hills are good for practicing
skiing.

You can build many different
things of snow...

Nature creates it's own winter art...

...icicles.
