

Oktoberfest

The Oktoberfest attracts over six million visitors. The guests are always many from abroad, mainly from Italy, the USA, Japan and Australia. In recent years, the trend also sat down with the costume, so that, more and more visitors to the Oktoberfest Lederhosen or Dirndl there. As a growing problem in recent years proved to excessive alcohol consumption of Oktoberfest visitors. To avoid that the mood at the Oktoberfest more and more of the atmosphere on the Ballermann (Mallorca) resembles, in 2005 developed the concept of the responsible organizers Quiet Oktoberfest. The tent operators are encouraged to play until 18:00 clock only traditional brass band music and the music volume to 85 dB (A) to limit SPL. Only in the evening and also hit pop music are played. This makes the Oktoberfest for families and older visitors is again available and the traditional atmosphere is preserved.

Oktoberfest-Ferris Wheel

The Ferris wheel was first established in 1880 and at that time had a height of 12 meters. Since 1979, Borg's Ferris wheel will count with a height of 48 meters to the main tourist attractions and offers passengers a view worth seeing on the fairground. The fairground is at the Oktoberfest since the 1930s represented a regular basis with various rides, steely first time since 1960 with a Ferris wheel
