

Carneval

Carnival is a time in which people, both large and small, do something to celebrate and dress out. The main thing is to have all the fun! Carnival begins on 11 November and ends on Ash Wednesday with the Easter period and thus the beginning of Lent.

Not only on TV, you can watch the Fasching (carnival), but also carnival parades, such as Velburg.

Even in our school has an annual Carnival ball.

Clowns are often used as a carnival costume!

In Cologne, is celebrated every year and extensively covered!

Even here in Velburg is celebrated, of course, with the most beautiful panels such as, Superman, Elvis and cowboys at the boy. The girls rather than rabbit, Princess and Little Red Riding Hood ...

Here in the Oberpfalz used the term “Fastnacht” or ” Fasching”.

Throughout the world there are carnival (Mardi Gras), for example, in Spain.

The celebration, in Bavaria is a bit different to that in Spain:

In Bavaria it is Carnival parties and parades while in Spain there are only so-called Mardi Gras parades. On both carnivals will be much singing and dancing and everyone has a blast!
