**Arts
blacksmith
is a very
rare job -
only a few
people still
do this.**

It is also a very hard job because one has to heat the iron and shape it by hand with a hammer.

Aaaagrrrrr
I am a
very big
dragon.

The honeycomb broked because it is cold here.

**We don't
want to go

because it is
cold there!**

**We use this to cut
the honeycomb out.**

In Komenda we have a lot of arts and crafts, so we hope that industry won't destroy our customs.
